

Truro Randonee 2013
'Half Camel' route 100km: Start time 09:30

This ride is on public roads and is not led; you are responsible for your own safety and for dealing with any mechanical problems. Parts of the route follow narrow lanes with limited forward visibility; agricultural vehicles and horses may be encountered at any point; please slow down considerably to pass horses. Be aware that there are poorly-maintained road surfaces and that mud on surfaces limits grip, especially in wet conditions.

See below for list of abbreviations; unless there is an instruction you should follow straight on with the road priority.
